BRIEF RESUME ON TYPES OF APPLICATIONS UNDER THE AGRICULTURAL LAND COMMISSION ACT

Section 11(1) and 11(2) Applications

Direct government to government applications for exclusion or exemption for use or subdivision within an Agricultural Land Reserve

Under Section 11(1), the Agricultural Land Commission, a Regional District, or a Municipality may make application to the Lieutenant-Governor in Council for exclusion of private or Crown lands from an Agricultural Land Reserve, or the Lieutenant-Governor in Council may initiate such action on his own.

Under Section 11(2), the Agricultural Land Commission, a Regional District, or a Municipality may make application to the Lieutenant-Governor in Council for subdivision and/or non farm use of private or Crown lands within an Agricultural Land Reserve.

Prior to the submission of an application under Section 11(1) or 11(2), the Municipality, Regional District, or the Commission, as the case may be, must hold a public hearing on the application. A report of the hearing must accompany the application. As part of the standard operating procedure, the Commission reviews the application and formulates a recommendation which is subsequently reviewed by the Environment and Land Use Committee. Final decisions is made by Cabinet as a Cabinet Order-in-Council.

Section 12(1) Applications

Applications from an individual to the Agricultural Land Commission for exclusion

Under this section an individual land owner may apply to the Agricultural Land Commission for exclusion of his property from an Agricultural Land Reserve. Preliminary processing of these applications is done by the appropriate Regional District or Municipality, followed by further processing and a hearing by the Commission. The final decision on these applications is made by the Commission, without reference to the Lieutenant-Governor in Council or the Environment and Land Use Committee. However, there is an appeal procedure under Sections 13(1) and 13(2).

Section 13(1) Appeals

Appeals by an individual to the Environment and Land Use Committee on Agricultural Land Commission decisions

Under this section a person who is dissatisfied with a decision of the Commission under Section 12(1) of the Act may file a notice of appeal to the Environment and Land Use Committee only if he has obtained a Certificate of Leave to Appeal, signed by any two members of the Agricultural Land Commission.

If Leave to Appeal is granted, a formal hearing is held and the final decision is made by the Environment and Land Use Committee.

Section 13(2)

Under this section a person who is refused Leave to Appeal by the Commission under Section 13(1) may, within 30 days of being refused, apply to the Minister for Leave to Appeal to the Environment and Land Use Committee. If the Leave to Appeal is granted, a formal hearing is held and the final decision is made by the Environment and Land Use Committee.

Section 10(1) Applications

Applications for exemption for use or subdivision within an Agricultural Land Reserve

Under this section a person or agency may apply to the Agricultural Land Commission for permission to subdivide land or to use a parcel of land within an Agricultural Land Reserve for purposes other than those allowed outright by the Act or Regulations. Processing is completed in the same manner as applications under Section 12(1) except a hearing is not required. The land remains in the Agricultural Land Reserve and the Commission may impose whatever terms and conditions it considers applicable. The decision of the Commission is final. There is no appeal, except to the courts on a question of law or excess of jurisdiction. The applicant may however, request the Municipality or Regional District, as the case may be, to submit an application under Section 11(2) on his behalf.

Sections 10(3) and 10(5)

Applications for inclusion into the Agricultural Land Reserve

Section 10(3)

A Municipality, a Regional District, or the Commission may apply to the Lieutenant-Governor in Council to have additional lands designated as an Agricultural Land Reserve, whether or

not they own those lands. The Municipality, Regional District, or Commission, as the case may be, must hold a public hearing in respect to the application. The Commission reviews the application and formulates a recommendation which is subsequently reviewed by the Environment and Land Use Committee on behalf of the Lieutenant-Governor in Council. Cabinet makes the final decision by Order-in-Council, and if approved, the Agricultural Land Commission designates the lands as, or part of an Agricultural Land Reserve.

Section 10(5)

An individual owner may apply to the Agricultural Land Commission, via the Regional District or Municipality, to have his land included in an Agricultural Land Reserve. No hearing is required and the Commission may designate the land as Agricultural Land Reserve after approval from the Lieutenant-Governor in Council.

Applications pursuant to the Subdivision and Land Use Regulations

Under the Subdivision and Land Use Regulations, certain kinds of very limited subdivision and land use may be allowed by local government without reference to the Commission (B.C. Regulation 7/81). In addition, another category of subdivision (Section 46 of B.C. Regulation 8/81) and certain conditional uses (Section 44 of B.C. Regulation 8/81) may be applied for directly to the Commission. When an application for a conditional use is received by the Commission, the Commission consults with the Regional District or Municipality so that they might present their views prior to the decision being made by the Commission.

Direct Orders or Resolutions of the Commission

Section 16 or 18 of the Act

It is possible for the Agricultural Land Commission to deal directly, by a specific order or resolution, with certain other situations requiring land use (Section 16) or subdivision (Section 18) approval without the necessity for a formal application. Very infrequent use is made of this power as it pertains only to unusual circumstances involving extreme emergency or hardships in those cases where the necessity for formal application if questionable. In all cases the Commission attempts to contact the local government to determine its position on the matter.

II. AGRICULTURAL CAPABILITY CATEGORIES

The Canada Land Inventory (modified for British Columbia as B.C. Land Inventory) agricultural capability classification system groups land into 7 classes according to the land's potentialities and limitations for agricultural use depending on inherent soil and climate characteristics. The tables used in this text further group the Canada Land Inventory agricultural capability classes into four separate categories as follows:

Prime - Class 1 to 3
the CLI agricultural capability unit consists totally of Class 1 to 3 inclusive
e.g. $2^7 - 3^3$

Prime Dominant Complex Class 1 - 3 Dominant
the major portion (over 50%) of the CLI agricultural capability unit is the prime category
e.g. $3^6 - 5^4$

Prime Subordinate Complex - Class 1 - 3 Subordinate
the lesser portion (less than 50%) of the CLI agricultural capability unit is in the prime category
e.g. $5^6 - 3^4$

Secondary - Class 4 - 7
the CLI agricultural capability unit consists totally of Class 4 - 7 (including complexes if the unit is 4 or poorer)
e.g. $5^6 - 4^3 - 6_1$

In cases where the CLI agricultural capability unit indicate a Class 1 - 3 inclusive as 50% (e.g. $3^5 - 4^3 - 5_2$), one half of the area is categorized as prime and one half as secondary.

1. The column marked 'OTHER' would include decisions in which ELUC recommended subdivision and/or use within the ALR.
2. Decisions and areas reported as 'allow' or 'refuse' do not imply that land was excluded or not from the ALR but rather that the 'APPEAL' was allowed or denied. This distinction is important in the relatively few cases where for example the Commission may have allowed an exclusion application which was appealed by someone other than the owner and the ELUC may have allowed the appeal thus overturning the Commission decision to exclude the land.
